DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent Application Publication No. US2004/0262474 to Boks et al. Boks discloses a method of integrating a monitor into a multi-display system (see Fig. 11), the method comprising providing a display system (232) having an arm (128) with at least two support members (124/126) for supporting at least two monitors, providing a monitor (see Fig. 1) having an engagement means (i.e., screws) screwed into screw holes on the back of the monitor (see paragraph 0047), said engagement means being unsuitable for supporting the monitor on either of the two support members (124/126); removing the engagement means by unscrewing from the screw holes; screwing a mounting bracket (26a/26b) in the screw holes at the rear of the monitor, said mounting bracket (26a/26b) being compatible with at least one of the at least two support members (124/126), and mounting the monitor to the arm (128) with the at least one of the support members.

Response to Arguments

Applicant's arguments with respect to claim 21 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
